

Any half marathon run in the multi league will automatically be added to the challenge league. New PB times gained in the Half Marathon Challenge will not apply to the multi league unless the race is on the multi league list. Your participation in the event must be verified by either a picture of you participating (this can be done by a web link to photo) or by another GVS runner who was at the race. Chip times will be used as your official finish time. In the event of no chip timing being available, your honesty and integrity will be relied upon. The race collator must be notified of your participation within 1 calendar month of the race and in any event no later than 4th Jan. Race results can be emailed to markrjohns@hotmail.com
